No. 2009/019

April 23, 2009

TO COUNTY ASSESSORS:

INCOME LEVELS FOR THE WELFARE EXEMPTION

Enclosed are the *Moderate Income Family Household Income Limits* (Attachment A) and *Lower Income Family Household Income Limits* (Attachment B) listings issued by the California Department of Housing and Community Development which are to be used for affidavits filed for the 2009-2010 claim year. The moderate income limits should be used for elderly or handicapped rental housing eligible for the welfare exemption under Revenue and Taxation Code¹ section 214, subdivision (f). The lower income limits should be used for low-income rental housing eligible for the welfare exemption as provided in section 214, subdivision (g).

Welfare Exemption – Elderly and Handicapped Rental Housing

Section 214, subdivision (f), provides that the welfare exemption is available for property used exclusively for housing and related facilities for elderly or handicapped families, provided that the property is owned and operated by qualifying organizations meeting all the requirements of section 214, under any of three different sets of criteria.

1. Care is provided such as skilled nursing or convalescent care, or services are provided to residents, such as meals, transportation, and staff on premises available to assist residents.
2. The housing project is financed by the federal government pursuant to one of the following sections:
 - Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q)
 - Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v)
 - Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z)
 - Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013)
3. The property is used for housing and related facilities for low- and moderate-income elderly or handicapped families.

If the claimant does not provide supplemental care or services, and the property is not financed by the federal government, the property may qualify for the welfare exemption under section 214, subdivision (f) only to the extent that the property is used for housing and related facilities for low- and moderate-income elderly or handicapped families. (A home for the handicapped may include persons who are not elderly, such as housing for physically or mentally disabled. Nursing homes, sanitariums, etc., also may be eligible for exemption under section 214, subdivision (f).) *Low- and moderate-income* has the same meaning as the term "persons and families of low- or moderate-

¹ All statutory references are to the Revenue and Taxation Code unless otherwise indicated.

income" as defined by section 50093 of the Health and Safety Code. Property which would otherwise be exempt, except that it includes some housing and related facilities for other than low- or moderate-income elderly or handicapped families, is entitled to a partial exemption. While limited partnership property may qualify for exemption as low-income housing under section 214, subdivision (g), it cannot qualify for exemption under section 214, subdivision (f).

Supplemental claim form BOE-267-H, *Welfare Exemption Supplemental Affidavit, Housing – Elderly or Handicapped Families*, provides the procedures that should be used to administer the income requirements. Claim form BOE-267-H is to be filed on an annual basis to document the units that are eligible for the exemption. In order to be eligible for the exemption, the units must be rented within the prescribed rent levels to low- or moderate-income family households that do not exceed the maximum levels allowed.

Welfare Exemption – Low-Income Rental Housing

Section 214, subdivision (g), provides an exemption for property owned and operated by qualifying organizations and used exclusively for rental housing occupied by lower income households. Qualifying organizations include nonprofit funds, foundations, corporations, limited liability companies, and limited partnerships with an eligible managing general partner. Low-income housing owned and operated by a limited partnership that includes for-profit partners may still be eligible for the welfare exemption, if the managing general partner is an eligible nonprofit organization or eligible limited liability company that meets all the requirements for exemption in section 214, subdivision (a), and has sufficient management authority and duties in the partnership operations.

Limited partnerships filing an exemption claim for lower income housing must "certify and ensure" that there is an enforceable and verifiable agreement with a public agency (regulatory agreement) or a recorded deed restriction that restricts the property for rental to lower income households. Low-income housing owned and operated by nonprofit corporations may be restricted with a regulatory agreement, deed restriction, or through the use of an "other legal document."

Under section 214, subdivision (g)(1)(C), nonprofit organizations using an "other legal document" to restrict their property are subject to an exemption cap. A single property or multiple properties for any fiscal year may not exceed \$20,000 of tax. This limitation on the exemption of \$20,000 of tax applies solely to low-income housing properties owned by nonprofit organizations that are not financed by government loans, as specified in section 214, subdivision (g)(1)(A), or do not receive low-income housing tax credits as provided in section 214, subdivision (g)(1)(B). A limited partnership, with an eligible managing general partner cannot claim the exemption through an "other legal document," which restricts property usage and rent levels (section 214, subdivision (g)(1)(C).)

Supplemental claim form BOE-267-L, *Welfare Exemption Supplemental Affidavit, Housing – Lower Income Households*, and procedures listed thereon, should be used to administer the income requirements. Claim form BOE-267-L is to be filed annually to document the units eligible for the exemption. Eligible units are defined as those rented within the prescribed rent levels to lower income family households whose annual income does not exceed the maximum levels allowed.

Additionally, a qualifying organization claiming exemption under section 214, subdivision (g)(1)(C), using an "other legal document," must complete part E of BOE-267-L to provide information concerning those properties subject to the \$20,000 tax exemption. These claimants are

to list all the counties in which such properties are located, and the dollar amount of tax exemption, up to the \$20,000 cap, to be applied for each property. The assessors' offices must provide the Board with a list of all properties on which all or a portion of the \$20,000 tax exemption cap has been applied, and the tax dollar amount applied to each property. The Board conducts a statewide match by corporate name and identification number to verify and ensure that the \$20,000 tax exemption cap has not been exceeded statewide, and provides the results of the matching process to the assessors' offices for further action in cases where the limit is exceeded.

If the low-income housing property is owned and operated by a limited partnership with an eligible managing general partner meeting all of the requirements of section 214, supplemental claim form BOE-267-L1, *Welfare Exemption Supplemental Affidavit, Housing-Lower-Income Households (Limited Partnerships)* is also required. Supplemental claim form BOE-267-L1 must be filed annually to certify that the property satisfies the requirements of section 214, subdivision (g).

Summary

The enclosed income limits are designed to be used for affidavits filed for the 2009-2010 claim year. The claimant is required to file affidavits listing the income levels of the tenants for the exemption. These tenant income levels should be reviewed and compared to the enclosed income limits to determine the portion of the property that is eligible for exemption from property taxes. Determination of qualifying units is based on the use of the property on the lien date. In all cases, the exemption from property taxes is available only to the extent that the household incomes of families residing therein do not exceed specified limits and the rents are within the prescribed limits in the statute or regulatory agreement. The property is entitled to an exemption of an amount equal to the percentage of the property serving lower income households. This exemption amount, once determined, would be applied to the property's assessed value.

Vacant units may also qualify for exemption if the unit is restricted by a deed, regulatory agreement, or other legal document. These documents are required to restrict the property usage to lower income housing by expressly stating that "the units designated for use by lower income households are continuously available to or occupied by lower income households at rents within the prescribed limits of the statutes or regulatory agreements."

If you have any questions concerning the enclosed income levels or questions concerning the exemptions described in this letter, please contact the Assessment Services Unit at 916-445-4982.

Sincerely,

/s/ David J. Gau
